June 29, 1926.

Mr. N. H. Ballard,
Brunswick, Ga.

Dear Mr. Ballard:

During the Spring while talking with you in Atlanta you stated that you could tell me just where the Cuthbert name came into the Collier family. If you can would appreciate you giving me this by early mail.

I trust you are coming along all right with your campaign.

You want to make the bond question an issue in your campaign. Not stressing school bonds, but merely stating you are against State wide bond issues for all purposes.

Land appears to have gone crazy.

Land and myself had quite an argument and perhaps would have had something else more serious in the Capital Rotunda had I not called his hand and refused to discuss further the lobby that he had thrown around the Legislature.

Enclosed find stamped envelope for reply, and with sincere regards, I beg to remain

Very truly yours,

J. C. Collier.

Encl. Envelope.
